LOGLINE COLLEGE OF MEDIA STUDIES

Near Ezhikkakathu jn, Town road , Haripad

About Our Institution

Logline College of media studies is an educational institution which is located at Haripad ,one among the temple city of kerala and is in Alappuzha Dist. Educationally and culturally, it is said to be as a key town in South India. Mannarasala Sree Nagaraja temple and the great Subramanya Swami temples are the icons of our land.

Logline media academy is already conducting diploma courses of media studies which is approved by Bharath Sevak Samaj, Govt of India. Students and parents demands and needs degree courses instead of diploma. Institutions connected with media studies are very rare in Kerala State and because of that, we want to promote degree courses related with media studies, and which is approved by UGC.

As per the above situations, we decide to take affiliation from Bharathidasan ,the reputed university in Tamil Nadu.

Aim of our Institution

- To mould students as worthy citizens with moral and ethical values with strong societal commitment to fulfill their obligations to the society and nation at large.
- To provide insights in to how our attitudes and knowledge are connected to our time and our environment.
- Provide solid and ethential foundation and practical experience combining hands on assignments to develop key skills valued by employers related to their selected careers. And also of personality development without compromising on quality and code of ethics.
- To promote latest skill attainment with sound practical exposure in the chosen field of their selected courses.
- Provide support and assistance to the talented ,financially back ward students as a part of institutions social commitment.
- Helps students to opt for the right job in self confidence.
- To mould up students life and career in a best way.
- To enrich their technical literacy, creative and innovative thinking and digital literacy etc.

Plan of our Institution

College of Arts and Media studies and its educational goals are based on the tradition of liberal learning which encourages the growth of broadly educated citizens and promotes reflections and self understanding.

- Focus of experimental and inter disciplinary learning.
- Nurturing and developing the talents and knowledge in every students.
- Serve society creatively, passionately and humanity.
- Develop habits and skills that helps to manage academic challenges with confidence.
- Engage in informed creation and analysis of humanities, social science and arts.
- Placement facilities in collaboration with reputed firms.

Motivation

- Provide proper environmental aspect to polish their inner talents and make them eminent ones in their own

selected fields without compromising moral and ethical values of the social commitments.

- Motivate the students to select a career which presumes to gain valued outcomes suitable for their improved performance and innovative calibre and individuality.
